In alternative, if the complaint is received by an e-mail, telephonic call, a letter or any other similar mode of communication to any company official, such complaint will be routed to officer-in-charge of CCC, who will get such complaint registered and responded to, by the agent of CCC.

Even after agent's intervention and assistance, if the complaint is not resolved, then the complaint is treated as Non-FTR and is treated as per its nature. The turn around time for the Non-FTR complaint is as below -

Normal Cases :- In normal cases where the complaint can be resolved with the help of information available within the organization and can be used to resolve the issues, the turnaround time will be T+1 days.

Aggregator/Merchant's involvement – In cases where response from aggregator or merchant or both of them is required to be obtained, then the turnaround time will be 48 hours or as soon as the reply is received from such merchant or aggregator

Exceptional Cases – In exceptional cases where the merchant is not able to find the information immediately related to a particular transaction due to very late bill payments such as bill payments made 10 days after the payment due date, then the turnaround time depends on the response time from the merchant.
